## **Life Ed Program**

**Do you know someone  
who would benefit from  
participating in a life skills  
and work education program?**

**Learn Grow Thrive**

## Fulfilling lives since 1974

At Down Syndrome South Australia (DSSA), we believe that people with Down syndrome, global developmental delay and other chromosomal disorders can lead fulfilling lives.

**It's our vision to create an inclusive South Australia where every individual with Down syndrome is given an equal chance to learn, grow and thrive.**

We've been working with South Australian families for over 40 years, and because of this, we truly understand the needs of our clients and their parents and caregivers.

## Aims

### Life Skills

To enhance each individual's ability to access and participate independently, safely and with dignity in all community activities.

### Pre-Vocational Skills

To enhance each individual's ability to access employment opportunities.

## Objectives

### Life Skills

To provide individualised and specialised programs in literacy, numeracy and personal development that have a life skills focus.

### Pre-Vocational Skills

To develop and increase work skills and a broader range of skills to enable community access and participation in the workplace.

## Our philosophy

Our services are underpinned by our fundamental beliefs that:

- **the best interests of each individual are paramount** and healthy development, learning and wellbeing are supported through the use of evidence-based practice.
- **every individual has the potential to participate** and contribute and has the capacity to succeed in a range of contexts and activities; and
- **development and learning** happens through a family-centred approach and through partnerships with health, education and community.

**When you come to DSSA, you can be sure that we're fully invested in working with you to achieve the very best outcomes.**
